

USF CONNECT

USF CONNECT Announces Capital Formation Sponsorship

For Release: July 28, 2010

The 13th Annual BioFlorida Conference will take place October 24th-26th in Ft. Lauderdale. BioFlorida, the State's official biotechnology industry organization, is actively seeking applications from bioscience start-up companies to present their business to an audience of investors and business development executives during the annual conference. Details about presenting can be found at the [BioFlorida website](#). Applications to present must be submitted to BioFlorida by August 6th.

As a sponsor of the 2010 BioFlorida annual conference, USF CONNECT has announced that it will sponsor one \$399 registration for any bioscience company from the USF System Area that is selected by BioFlorida to present their business during the conference.

If applying to BioFlorida to present, please contact USF CONNECT to learn how to take advantage of this sponsorship.
